

L'AIR Professional DanceVinyl

DANCEVINYL

for theatre or studio

For theatre or Studio, **L'AIR's Professional DanceVinyl** is the finest, most durable dance vinyl available – engineered with the same dedication to purpose and quality as our suspended flooring. L'AIR DanceVinyl is designed for years of service without the typical bubbling, buckling, and wrinkles associated with lesser quality products.

FEATURES INCLUDE:

- Pure PVC product with a synthetic backing that stabilizes and strengthens
- Available in black or gray
- Can be permanently glued to subfloors or loose laid and taped

DanceVinyl Transport

For temporary theatre and touring installations of DanceVinyl, a specialized transport is available from L'AIR. Furnished with heavy-duty caster transports, six rolls of vinyl can easily be loaded and offloaded by forklift, shipped in sea containers, tractor-trailers, or aircraft cargo. For in-house storage, the transports can also be stacked.

Our standard vinyl transport is specifically designed for use with L'AIR Professional Dance Vinyl, however this unit will accommodate any other vinyl roll up to 6'-0"W x 60'-0 L and 260 lbs. per roll.

Pricing upon request.
